Fingask Castle Weddings & Events

Welcome to Fingask Castle & Estate

Fingask is a traditional rural estate of 240 acres nestling in the hills above the main road between Perth and Dundee. The Threiplands of Fingask were famed in the 18th and 19th centuries for their hospitality.

The present Threiplands believe that if human happiness is possible in this vale of tears it can be found in family life, so we are delighted to welcome wedding parties, family and business gatherings of all sorts to this magic place.

Fingask Castle and Pavilion are set in one of Scotland's great gardens. The castle provides an historical background, while the Pavilion is a flexible modern building. Both provide suitable backgrounds for important occasions. At Fingask we pride ourselves on allowing you to decide what you would like to do on our magical estate.

The Stone Staircase

Leads from the Long Gallery to the ground floor of the castle where you can hold your drinks reception complete with mobile bar area. A door opens from the main hall out to the Fountain Courtyard.

The Castle Chapel

A small family chapel seating up to 22 guests. Couples may have their ceremony relayed by video to the castle's drawing room, where larger groups can gather to watch in a less formal setting.

A numinous room - part of the medieval Castle.

The Long Gallery

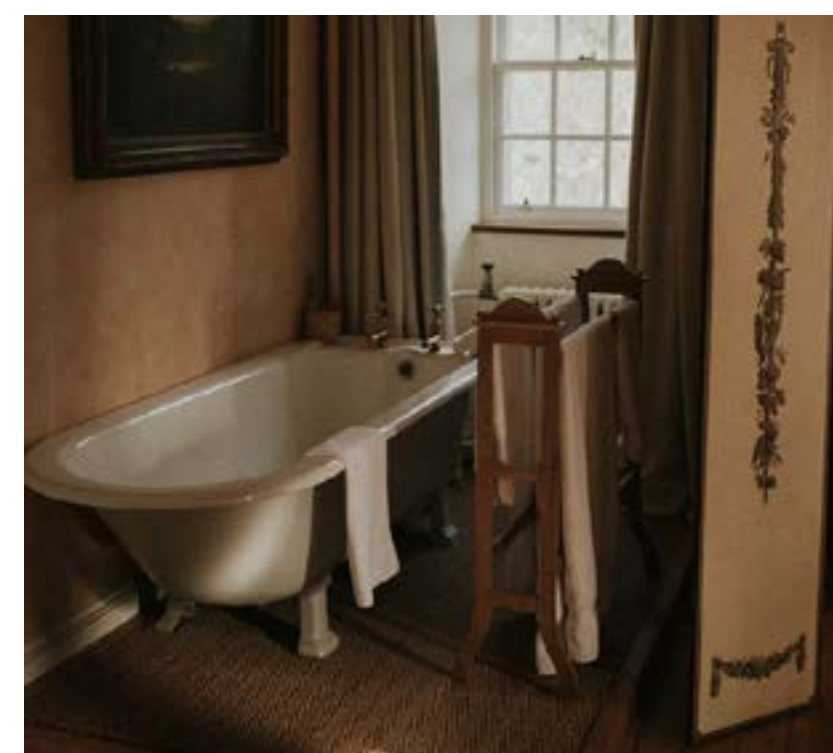

The Long Gallery seats up to 100 guests for weddings or 30 guests for dinner.

The Bridal Wing

The bridal wing has three double bedrooms each with a handsome four poster bed. Every Fingask couple has the choice of using "Aunt Effie's" room.

These castle bedrooms, like other estate accommodation, are not part of the venue hire, but can be hired separately for the night of the wedding.

The Old Library

An intimate room for small parties up to 16 people.

The room is lined with fascinating books collected by the Threiplands over many generations.

The Drawing Room

This is a comfortable informal room available for use as part of the drinks reception area.

It can also seat up to 16 guests for dinner, still allowing space to retire by the fireside.

The Fountain Courtyard

Outside the castle is the Fountain Courtyard, where large parties can mingle informally. The fountain itself is made from a 19th century stone heraldic vase with stags heads and the Threipland arms.

Outdoor Weddings

Fingask has a range of outdoor locations each with their own charm. In the (unlikely!) event of rain the Amber Room overlooks the gardens towards the silvery Tay. The chapel and the castle offer other alternatives.

Ossian's Lawn

Couples can get married almost anywhere they like in the Fingask garden but we think that Ossian's Lawn is like an outside room making it an especially suitable enclosed private space for outdoor ceremonies.

We have 150 outdoor chairs which we will put up on the morning of the ceremony along with a red carpet aisle. At 2-3pm in the summer the sun shines along the full length of the lawn. The newly married couple can then parade down the grass paths to the Fountain Coutyard in front of the castle for the drinks reception.

The Fingask Pavilion Great Hall

Guests may be dropped by car or coach at the front of a grand staircase which is guarded by dragons leading to the balcony surrounding the Fingask Pavilion.

The Great Hall of the Pavilion is a useful size for weddings between 60 and 150 people leaving room for a dance floor and people to cluster in front of the bar leaving the Amber Room as a reception area.

The Amber Room

The Amber Room is a useful space for weddings of between 30 and 60 guests with room for dancing around the grand piano.

Asian Weddings

Lots of possibilities! Lots of room. The Fingask Pavilion with its optional extension can seat over 300 people for ceremonies including fire ceremonies and henna parties. We can adapt Fingask to your wishes.

What Fingask Castle Provides

- Exclusive use of the Pavilion, front lawns, Fountain Courtyard, ground floor and 1st floor of the castle for exploring and photographs.
- Ample parking and bus drop off bays at the pavilion

HIGHLAND SPIT ROASTS EST.1990

WEDDINGS, PARTIES CHRISTENINGS AND FUNERALS

We roast for royalty, celebrities, and in films, have had many adventures and been featured on television. We continue to roast for top hotels, including Gleneagles, and for weddings, parties, christenings and funerals.

FAMOUS FOR OUR CRACKLING

We are renowned for our light and crispy crackling and tender meat which we carve straight off the pig. We spit roast our pigs which means that they rotate on a spit for six hours allowing the juices to constantly run through the meat, making it moist and juicy. We roast on site so that it is freshly roasted and perfect when we serve.

ROASTS INDOORS OR OUT

The roaster is designed to roast in a building or marquee so guests can admire the rotating piggy as it cooks. It looks fantastic when it is lifted up for serving - all golden and sizzling - great theatre!

How to find us...

Fingask is nestled in the hills between Perth and Dundee, about 1 hour from Edinburgh and Glasgow. From the A90, Perth to Dundee road, take the exit towards Rait. Turn right at the crossroads following the signs to Fingask. After about half a mile go left onto the drive for Fingask; estate signs will direct you to the Coach House (our office).
